THE PROBLEMS

NATURE OF TAXES:

Taxes are obtained immorally, by force.

Income taxes penalizes productivity.

Property taxes threaten property ownership.

Inheritance and estate taxes deprive our heirs of the full benefits of our labor.

All taxes remove funds from the private sector, where they could be used to create more wealth.

USER FEES vs. TAXES:

Those who use a service should be the ones to pay for that service.

The government should fund its legitimate functions through economic activity.

Government should be forbidden from outlawing competition to its businesses.

TAX CUTS:

Libertarians support all moves to reduce and repeal taxes.

THE SOLUTIONS

PRIVITIZATION:

Americans already obtain a many services from private providers.

Many more services, from postal delivery to education to road building and maintenance, could be provided more efficiently and at lower cost by the private sector.

LIMITING GOVERNMENT:

Simply limiting government to its legitimate functions will reduce the need for most taxes.

Governments at all levels used to be smaller and do less.

We had no federal income tax before 1914 and America prospered.

THE LIBERTARIAN GOAL:

Move as many functions of government as possible to the market sector.

Libertarians support replacing taxes with voluntary methods for financing services.
